

Dear Parents,

A warm good morning to all of you.

Once again I would extend my sincere thanks for your co-operation that you always render to **St. Mary's Sr. Sec. School**. I am proud of you dear parents. I hope you are keeping well by the Grace of Almighty God amidst the COVID-19 pandemic that was forced to declare by the Government a nationwide lockdown to save the lives of all the people. As the result of the COVID-19 a good number of people lost their livelihood and at the same time are finding difficult to make both ends meet.

- 1. Regarding Payment of Fees:** At this difficult situation the Government has come up with some regulations with regard to the payment of fees. As per the government guidelines we have kept the fee structure same as last year and **not increased the fees in this academic year 2020-2021.**
2. In order to lessen the financial burden the Government has asked to pay the fees now month wise. Kindly pay the fees on time. The new fees structure of this academic year 2020-21 is been uploaded in the Campus Care Portal. Kindly refer it.
3. I do believe that you are taking good care of yourself and your family members and spending time with them. At the same time students are helped by study materials through Campus Care Portals and online live classes through Next Education. Please take the maximum use of them. **You will get online Assignments everyday and online live classes from 8.00 am to 12 noon. Kindly help the children to learn and to make the best of it.**

May the Good Lord bless you all.

With regards

Sr. Kalpana

Principal

St. Mary's Sr. Sec. School,

Jwalapur
